SUMMARY

As a UI designer, I am seeking an opportunity to apply my creativity and design skills to create user-centered experiences. I have a strong understanding of user experience principles and design trends, and am proficient in industry-standard design tools such as Figma, and Adobe Creative Suite. With experience in designing and developing web applications, as well as a strong foundation in HTML, CSS, and JavaScript, I am passionate about designing interfaces that are both visually appealing and functional.

SKILLS

1. Strong understanding of UI/UX design principles and best practices
2. Experience in using prototyping and wireframing tool
3. Familiarity with graphic design tools such as Adobe Photoshop and Illustrator
4. Proficient in HTML, CSS, and JavaScript
5. Experience with Bootstrap and other frontend frameworks
6. Ability to design and develop responsive web applications
7. Knowledge of version control systems such as Git
8. Experience with agile development methodologies
9. Excellent problem-solving and analytical skills
10. Strong attention to detail and ability to meet project deadlines

CERTIFICATIONS

1. Achieved Responsive Web Design certification from freeCodeCamp, demonstrating proficiency in creating dynamic and mobile-responsive websites.
2. Earned runner-up position in the SecurityPal hackathon, showcasing exceptional problem-solving skills and collaboration with team members.
3. Volunteered in the teach-to-learn program during college, teaching computer skills to student and gaining valuable teaching experience.
