PROFILE

I'm a passionate student who is constantly exploring new technologies and trends. I'm eager to learn and take on any challenges that come my way. I am passionate about creating visually appealing and user-friendly websites and web applications that deliver exceptional user experiences.

SKILLS

1. Proficient in HTML5, CSS and JavaScript
2. Strong understanding of responsive web-design
3. Experience with front-end frameworks such as Bootstrap 5 and React
4. Familiarity with version control system such as Git
5. Ability to design and implement UI and UX that are intuitive
6. Understanding of designing tools such as photoshop and illustrator
7. Strong problem solving and attention to details
8. Excellent collaboration skill with team and stakeholders

EXTRACURRICULAR

1. Achieved Responsive Web Design certification from freeCodeCamp.
2. Earned second runner-up position in the SecurityPal hackathon
3. Volunteering in the teach-to-learn program in college, teaching computer skills
